CBSE (Class X)	2014	Kaintal Sr. School, Patiala, Punjab	92.80%

ACADEMIC PROJECTS

- Project 1: Carpooling System:
 - Role: My primary role in this is as a manager. I focus on ensuring all sub divided activities between members are carried out properly and give my inputs regarding the same.
 - Result: This project is currently undergoing and we expect to build an application for carpooling involving security features like face recognition and others.
- Project 2: Spam Detection Using NLTK.
 - Role: Using NLTK and required libraries to create a spam detection code
 - Result: Predicting accuracy of various models built and thereby selecting the best one for this purpose by minimizing spam.
- Project 3: Small cricket database design and management system.
 - Role: I was responsible for designing and coordinate with my teammate for ER design, database creation and other processes.
 - Result: We created a database consisting of various entries of present cricket records, stats and in an easy accessible way via writing the queries.

ACADEMIC ACHIEVEMENTS AND AWARDS

- Awarded award for excellence in 10th by school, 2014
